AURA™ MYSTIC — NEW

The Aura Mystic features the new Optimum Versatility Reactive Coverstock that provides more length and more backend reaction to achieve ultimate versatility. Finished with Rough Buff polish, the Aura Mystic slips through the front with ease, revving fast in the mid-lane and generating an extremely high angular velocity on medium to heavy oil lane conditions.

AURA ULTRA LOW RG CORE

The Aura Ultra Low RG core features a single density rounded-off elliptical inner core. The core is dynamically designed to extend the rotational energy, boosting angular velocity to transfer energy to the pins for increased pin action and higher scores.

AURA™ PARANORMAL

The Aura Paranormal provides exceptional hook potential and a quick response to friction with strong continuation on the backend. The Aura Paranormal provides the highest hook potential in the Brunswick product line.

MEANSTREAK MEDIUM RG SYMMETRIC CORE

The Meanstreak Medium RG symmetrical core features a long and lean design to provide maximum energy retention. Increasing the mass around the equator has further stabilized the dynamics increasing the mid-lane traction.

MEANSTREAK™ BRAWLER

The Meanstreak Brawler skids easily through the front part of the lane, rewing up strong in the mid-lane for a strong and continuous backend reaction. This combination of coverstock and core creates an extremely versatile motion on medium oil lane conditions.

ZOMBIE SPARE

Leave a few pins standing? Pull out your Zombie. Unlike the human undead this Zombie is easy to control. With trance like motion the Zombie heads straight towards any uncooperative pins and puts them down for good and when it's done it comes right back to you. How many other Zombies do you know that will do that?

PERFORMANCE

The Reax Pearl is our newest addition to the Top Shelf performance level. It is the perfect complement to the Reax solid. The Reax Pearl features the same dynamic core as in the solid but is now encapsulated in a newly formulated pearlized cover. This combination of core and cover creates a greater angle of entry than the original Reax, more angle means more strikes. Don't be left behind.... Reax
